

The background of the poster is a dark, snowy night scene of a harbor. On the left, a black lamppost with a warm yellow light and a red bow stands on a stone pier. A sign on the pier reads 'WELCOME TO HOLLYBERRY HARBOR'. In the background, a lighthouse with a red and white striped top is visible, along with snow-covered buildings and a Christmas tree. The right side of the poster is filled with out-of-focus red and yellow bokeh lights. The title 'The Peppermint Twist' is written in a large, elegant script where the letters are shaped like red and white striped candy canes. A jagged crack runs through the right side of the title.

The Peppermint Twist

This Christmas classic
just got a rewrite

A SUBVERSIVE CHRISTMAS FANTASY

SYNOPSIS

The Peppermint Twist is a subversive Christmas fantasy that lovingly turns the beloved made-for-TV holiday movie inside out—while celebrating everything audiences love about the genre.

After her seemingly perfect life falls apart, Karen McClane retreats into her favorite Christmas movie, *The Ginger Snap*. Then the impossible happens. Auntie Noelle Noel (**Dee Wallace**), the film's magical matriarch, begins speaking directly to Karen through her television, inviting her and her teenage daughter, Hailey, into Hollyberry Harbor—the idyllic town where *The Ginger Snap* takes place. Believing she's finally found the perfect life she's been searching for, Karen eagerly accepts.

But **Hollyberry Harbor** was never built for reality.

As Karen refuses to follow the script written for her, Hailey unknowingly introduces something no Christmas movie was ever meant to contain: a terrifying serial killer born from her own artwork—the mysterious Sleighbell Strangler. Along with cannabis and other decidedly un-holiday-movie ideas, the perfect world of Hollyberry Harbor begins unraveling in hilarious, dangerous, and completely unexpected ways.

Surrounded by Hollyberry Harbor's unforgettable residents—including Auntie Noelle, Sugar Cookie, Reid Evergreen, Karen's endlessly loyal best friend Darnell, and the unforgettable Christina Cringle—Karen and Hailey slowly rediscover one another as fantasy gives way to honesty, healing, and the family they thought they'd lost.

Filled with outrageous comedy, unforgettable original music from Hollyberry Harbor's hometown country-rock sensation Muck Luckner, heartfelt emotion, and generous doses of Christmas magic, **The Peppermint Twist** is both a loving celebration of holiday classics and a joyful reinvention of them. At its heart, it is the story of a mother and daughter discovering that the stories we treasure don't help us escape our lives—they help us find our way back to them.

EVERYONE'S INVITED. *Here's why.*

FOR PEOPLE WHO LOVE CHRISTMAS MOVIES

Everything audiences cherish is here: heart, romance, holiday magic, memorable characters, original music, laughter, and a deeply satisfying emotional payoff.

HEART. HOPE. CHRISTMAS MAGIC.

FOR PEOPLE WHO MAKE FUN OF CHRISTMAS MOVIES
